

## CUSHING IS ON THE LIST

The Union Pacific's General Master Mechanic Booked for Retirement.

## SOME OF THE FAVORED BOYS

Promotions occasioned by J. M. Cummings' Resignation—Better Service on the Elkhorn—The Cheyenne & Northern Extension.

## Railroad Affairs.

The charges have not all been made yet that are to be among Union Pacific trustees. While G. M. Cummings, general manager of the mountain division was first to receive a gentle December hint that his resignation would be received at headquarters with manifest expressions of pleasure, it is understood, and the rumor comes from reliable sources, that one or two other names in the roster have heavy black lines drawn below them and remain to be made certain. Cummings' resignation was not unexpected. A cursory glance at the list showed that George W. Cushing, general master mechanic of the road, is booked for retirement. Inquiries of management officials failed to bring forth any proof that a change is contemplated there as early as January 1, but there are those who say Mr. Cummings' work has not proven satisfactory and that removal is the only course left. Train men have no hesitation in declaring that the rolling stock, and more especially the engines, are in worse condition now than ever before. Complaints of this kind against Mr. Cummings should not, however, be considered wholly to his discredit. He came to the Union Pacific with nearly the entire mechanical force prejudiced towards him, consequently his position is a very difficult one to fill. With so much opposition to continued service, it is rather surprising that he has remained so long.

The promotions following Charles F. Resnais' appointment as Cummings' successor bring of A. F. Felt from the Omaha & Republican Valley division to take the place of Robert Haxter as train master, who goes to Salt Lake City, and of Robert Southernland, now chief train dispatcher, will take the place made vacant at Hastings by Felt's elevation. Mr. Felt is of the Omaha & Republican Valley, and C. A. Hoxa will succeed Southernland as chief train dispatcher. Resnais and Haxter are getting their work in shape to leave a few days before New Year's, and take charge of the mountain division January 1.

The Fremont, Elkhorn & Missouri Valley road will put a new time table into effect next Monday, which promises a desired improvement in the train service on the west end of the system. Heretofore the Wyoming branch from Chadron to Douglas, Casper and the oil fields has been subject to suffer the disadvantages and unsatisfactory accommodations of a mixed train and slow time, but the new order will change all that and quicken the speed between those points about six hours. It is proposed hereafter to run a solid train with one stopper in the Wyoming branch from Chadron to Douglas, Casper and the oil fields has been subject to suffer the disadvantages and unsatisfactory accommodations of a mixed train and slow time, but the new order will change all that and quicken the speed between those points about six hours. It is proposed hereafter to run a solid train with one stopper in the Wyoming branch from Chadron to Douglas, Casper and the oil fields has been subject to suffer the disadvantages and unsatisfactory accommodations of a mixed train and slow time, but the new order will change all that and quicken the speed between those points about six hours.

It is now an open fact in Chief Engineer Boggs' office that the Union Pacific will build to Los Angeles, Cal., as rapidly as possible. Since his return from the Elkhorn & Missouri Valley, Mr. Boggs has been sending engineers and others to Pioche, Nev., with instructions to push the surveys without delay. Last week twenty-five engineers and draughtsmen were ordered from headquarters, and more have been told to hold themselves in readiness to move for work in southern Nevada early in January.

It is admitted by the officials at Union Pacific headquarters that the Cheyenne & Northern road will be extended next spring from Wendover, its present terminus, to a connection with the Elkhorn at Frazier, a small station just east of Douglas, Wyoming. The new deal recently consummated, makes a part of the Colorado-Fort Worth system, consequently it is General Dodge's desire to have the gap of thirty miles closed up, so as to give the Black Hills people communication with Denver and the coast by a long haul for the southern cattle to the feeding grounds of Wyoming.

The telegraph department of the Union Pacific is preparing to string another wire across from Omaha to Ogden. The railroad business has become so heavy that it is impossible to handle it without great assistance, with present facilities. The material for the new line has all been procured, and is now being delivered.

General Superintendent Sabin and Martin Hight, Jr., general freight agent of the Northwestern, Chicago, were in Omaha a few hours yesterday.

E. W. Jordan, general agent of the Milwaukee at Sioux City, and W. S. Pratt, traveling freight agent at Omaha, were in Mr. Nash yesterday and wished him a merry Christmas.

A. F. Banks, general freight agent of the Iowa Central, is in town.

The Union Pacific officials say they have no intention of abandoning their dining trains.

## MR. CUSHING AT GREEN RIVER.

He at Length Turns His Face Toward Omaha.

Mayor-Elect R. Cushing has at length been heard from. He reached Green River Tuesday night in company with George C. Holdrege, after having traversed by stage a proposed extension of the B. & M.

He found awaiting him telegrams and letters from friends and family announcing his election as mayor and congratulating him upon the result.

The information was also conveyed to Mr. Holdrege that a little daughter had augmented the number of his household.

Mr. Cushing telegraphed that he intended to take the first train east and would reach Omaha on Saturday.

## SCHOOL OFFICERS.

Meeting of the Board of Education.

The early part of the meeting of the board of education was devoted to the reading of the minutes of the last five meetings. Secretary Piner read about twenty-seven pages of the records while the members smoked and wrote resolutions.

After the minutes had been approved the secretary read the resignation of Miss Lott Hux, a teacher in the Fairport school, and Miss Alice Hodge of the Hancock school. The resignations were accepted.

A communication signed by twenty-five citizens was read, asking that an additional teacher be placed in the (Hudson) school after the holidays. Referred.

Mr. Poppleton, chairman of the committee on judiciary, reported, recommending that the president and secretary and attorney be empowered to close a deal for a certain piece of property on Paul street for a school house site. The report was not adopted.

The usual number of repairs and improvements to school buildings were approved. Miss Nora O'Connor was recommended as assistant principal of Dunsmuir school.

Several communications were offered by teachers, protesting against abolition of school buildings to be used by religious and other societies, as the rooms were not properly cared for by the persons to whom such courtesies had been extended. Panels, ink stands and other school property had been missed after these meetings. The matter was referred to the committee on buildings and property.

A bill for \$45.00 for election expenses was allowed.

The judiciary committee and court attorneys were instructed to prepare a form of bond for \$25.00 for a high school, and submit the same at the next regular meeting.

Mr. Poppleton introduced a resolution recommending that the schools be allowed to close on Monday and Tuesday, December 23 and 24. Adopted.

The president and secretary were in-

Dr. Spaulding introduced a resolution instructing the judiciary committee and attorney for the board to inspect and report the standing of the title of the Franklin school site.

Charles Wehrer recommended that the fire chief be asked to give the janitors of each school a key to the fire alarm box nearest the building. Adopted.

Adjourned to meet again on the evening of the first Monday in January.

## REFUND THE TAX.

Sixth Ward Citizens Expect it From the Council.

Monday night, at the headquarters of the Sixth ward republican club, there was a meeting of the residents of the ward and the council committee on grades. The object of the gathering was to satisfy the objectors to the payment of the tax for the opening of Twenty-ninth street.

Mr. Ford presided and R. H. Hall acted as secretary.

Councilman Sherer was the only member of the committee present.

He explained what steps had been taken to open the street, namely, that a petition had been sent to the council; that it had been passed through that body without objection on the part of the taxpayers. After its passage, it was found objectionable in that taxpayers were taxed as much for the opening while residing ten blocks away as those who lived in the immediate vicinity of the opening.

He also stated that he had talked with the city physician and had been informed that a certain amount of the tax assessed could be refunded.

The following was then unanimously adopted:

Resolved, That it is the sense of this meeting that the city council should be requested to refund one-fourth of the tax levied for the opening of Twenty-ninth street from Charles to Hondo, and one-half of the tax for the opening from Hondo to Lake.

The meeting then adjourned.
